Subject: HUTF Mileage Certification (Signature Sheet)

Attached you will find the HUTF change reports for 2020 as downloaded from CDOT's WebHUT application. El Paso County will report 2210.40 total centerline miles of HUTF eligible roads for 2020, a 22.96 mile increase from 2019.

Each year as part of our annual HUTF reporting requirements, a Mileage Certification (signature sheet) is required to be signed by the El Paso County Commissioners with the original copy returned to me for forwarding to CDOT. The Signature Sheet may be found on Page 2 of the attachment.

- II. Major Changes Report, Page 3
- III. Attribute Changes Report, Page 12
- IV. Plat Info Report, Page 69
- V. Street Inventory Report, Page 79

Please note that any differences in total mileage added in the El Paso County Road Book vs the CDOT HUTF Report are due to administrative corrections which take place on a continual basis as part of daily operations as well as differences in GIS record keeping methodology.
