**Re:** MEMO – 2022 HUTF Mileage Certification (Signature Sheet)

---

Attached you will find the HUTF change reports for 2022 as downloaded from CDOT's WebHUT application. El Paso County will report 2202.05 total centerline miles of HUTF eligible roads for 2022, a 5.09-mile decrease from 2021.

Each year as part of our annual HUTF reporting requirements, a Mileage Certification (signature sheet) is required to be signed by the El Paso County Commissioners with the original copy returned to Department of Public Works for forwarding to CDOT. The Signature Sheet may be found on Page 2 of the attachment.

- III. Attribute Changes Report, Page 15
- IV. Plat Info Report, Page 65

Please note that any differences in total mileage added in the El Paso County Road Book vs the CDOT HUTF Report are due to administrative corrections which take place on a continual basis as part of daily operations as well as differences in GIS record keeping methodology.
