9.2.1 Student Involvement

The RTM considers the Town's high school students a valuable asset and a connection to the Town's younger residents, and wishes to encourage high school students to learn about the Town's governmental structure and, in return, to share their perspectives on current matters. In support of these goals, up to four (4) high school students who are Town residents may, through a selection process developed by the RTM Community Development and Services Committee, be recognized as student liaisons to the RTM. Students who currently are liaisons to the Board of Education are not eligible.

Student liaisons to the RTM may attend RTM meetings, submit written requests or reports to the Chair of the Community Development and Services Committee, read requests or reports under the Community Development and Services Committee agenda item. Develop strategies for outreach to the student population and respond to requests from the Moderator.
